10	Close	

Inland Rail

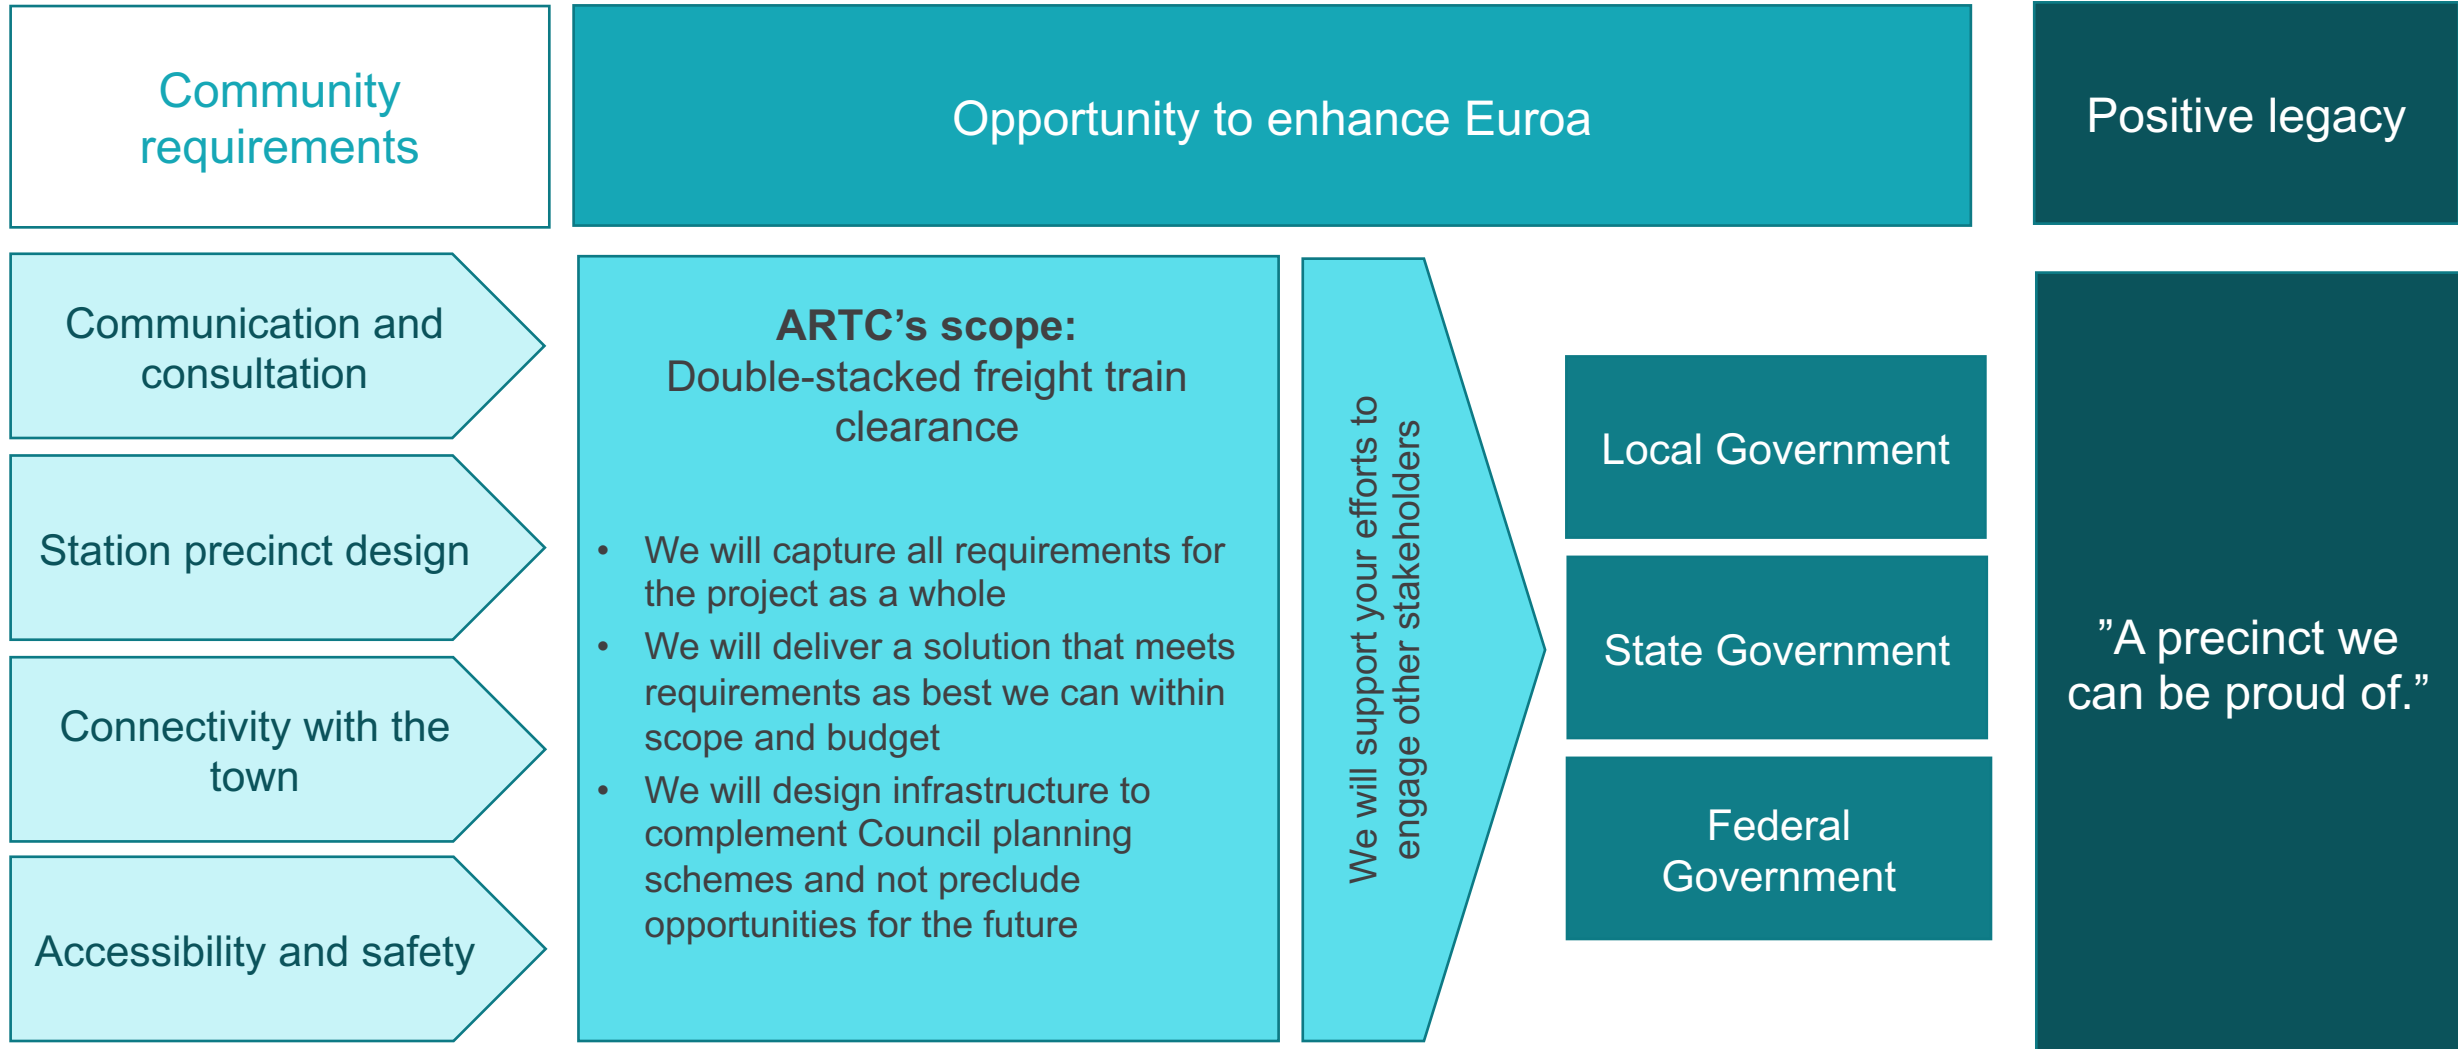

Enhancing the North East Rail line to allow for double-stacked freight train clearance

ACTIONS FROM LAST MEETING

NO. ACTIONS (MEETING 3 + 4)

- 1 Further review of bridge replacement options and examples of urban design
- 2 Consideration of options presents by Working Group members
- 3 Provide further information about the impact of a bridge solution on Anderson St
- 4 Consider virtual modelling of the existing environment around the station precinct
- 5 Provide peak levels of baseline noise studies
- 6 Provide VicRoads response to Road Under Rail

PROJECT SCOPE

ARTC SCOPE – COMMITMENT

ARTC recognises its responsibility to deliver and operate Inland Rail with the least social impact possible, while enhancing the benefits Inland Rail will deliver to the people of Australia at both a local and national scale.

What we are proposing is to provide enhancements where we can within our project scope. Inland Rail will seek to avoid impacts to the community, whilst seeking to design and construct the Inland Rail to a standard that meets the transit time and reliability service offering. Where impacts cannot be avoided, IR will work with the community and other stakeholders to reduce the impacts or offset them.

ADOPTION OF MINUTES

- Will include attendance, apologies, declarations of interest; and a record of topics discussed and assigned actions.
- Be reviewed and approved for circulation to members by ARTC and the Chair.
- **Be circulated to all members for review and to confirm accuracy. Any request for major changes to the minutes must be sent in writing to ARTC and forward to the Chair, to be tabled for agreement at the next Working Group meeting.**
- Be published on the ARTC website once approved. Any confidential information will be redacted from the minutes published on the ARTC website.

What are you hearing?

- How has the community responded to your conversations around the Working Group?
- What are you hearing?
- What questions are people asking?

PROJECT MILESTONES

DATE	MILESTONE
Dec 2019	Draft reference design confirmed
July 2020	Detailed design phase begins
September 2020	Contract awarded
March 2021	Mobilising on site
March 2025	Project completion

WORKING GROUP MILESTONES

DATE	MILESTONE
Dec 2019	Draft reference design confirmed
July 2020	Detailed design phase begins
September 2020	Contract awarded
March 2021	Mobilising on site
March 2025	Project completion

Opportunity to enhance Euroa

The primary requirement from the Euroa community is to make sure the opportunity afforded by this project to improve the station precinct is delivered

1. Communication and consultation
2. Station precinct design
3. Connectivity with town
4. Accessibility and safety

These requirements were based on information collected during the following discussions and research:

- ARTC engagement events
- IPSOS market research
- EWG Meeting #1
- EWG Meeting #2
- Ongoing community feedback

FUTURE MEETINGS

1. Topics for discussion
2. Proposed date for next meeting: Monday 18 November at 6pm

Thank you for your participation
